

Dear _____, we need your help!

In the coming years, there will be major changes to Taastrupgaard. We would like to take a look at how these may affect your everyday life as a resident. Therefore, we need your help to answer some questions we have about your well-being, health and your experience of living in Taastrupgaard.

To get a true picture of your everyday lives, it is important that as many as possible participate in this survey. That is why it is vital for us that you take part – even if you are not thriving in Taastrupgaard. Amongst other things, the answers will be used to create activities in collaboration with you, the residents, that can have a positive effect on your well-being and health.

The survey is confidential

Whether you choose to participate, or not, is entirely up to you. Your answers will be treated confidentially and only used for research purposes. When we reveal the results of the survey, it will not be possible to recognise you individually. We will not share your responses with the municipality of Høje Taastrup, KAB or any other authorities.

Therefore, whatever you tell us will in no way affect your right to any benefits or your right to participate in any activities. Please remember that if you do decide to take part in the survey, you may withdraw your participation at any time and you can always ask us to delete your answers.

How to participate

Soon we will come by and ring your doorbell to ask if you would like to take part in this survey. The people who come, will speak both Danish and English. You can say, "Yes" right away or you can ask us to come back another day. You can also ask us to meet you somewhere else at another time. You can also just say, "No thanks" to participating in the survey.

If you say, "Yes", we will fill out a questionnaire with you. The questions are short, and exactly the same for everyone. It will take about one hour to complete the questionnaire.

This meeting can take place in your own home, at our office at Taastrup Teater or at another place of your choosing. You can also contact us now to arrange a meeting. We can be contacted on tel. no. **xx xx xx xx** or by email at stريت@sund.ku.dk.

We would like to ask you questions three times over the coming years. If you decide to participate, we will come by again in a year's time to ask you some questions again, and one more time in around three years' time. Of course, it is completely optional if you want to participate just once or several times over the three years.

Learn more about the survey

If you would like to have more information about our survey, you are very welcome to contact us at the University of Copenhagen, by phone on **xx xx xx xx** or email at stريت@sund.ku.dk. You can read more about the survey at www.stريت.ku.dk

We look forward to cooperating with you.

Med venlig hilsen

Rikke Lund
Associate professor and doctor

Maria Kristiansen
